

CALL FOR PAPERS

<http://jcse.kiise.org>

Journal of Computing Science and Engineering (JCSE) is a journal devoted to the timely dissemination of novel research results and discussions on all aspects of computing science and engineering, including, but not limited to:

◆ **Embedded Computing**

- design and implementation of embedded software
- model- and component-based software design and analysis
- scheduling and execution time analysis
- hardware-dependent software and interfaces
- embedded control and communication

◆ **Ubiquitous Computing**

- wireless technologies
- mobile and ubiquitous data management and processing
- context- and location-aware applications and services
- security and privacy
- wearable computing

◆ **Convergence Computing**

- bioinformatics
- robotics
- medical informatics
- knowledge service

◆ **Green Computing**

- energy-efficient computing
- computing for environmental sustainability
- green data centers
- environment-related risk mitigation
- computing with renewable energy sources
- computing for social infrastructures

◆ **Smart and Intelligent Computing**

- smart phone/device computing
- smart-vehicle computing
- smart-environment computing
- smart wearable computing
- smart sensor computing
- intelligent service robots

◆ **Human Computing**

- human computer interaction, human language computing
- culture and social computing
- computer graphics, visualization and virtual reality
- human recognition
- haptics and tactile computing

The journal publishes regularly submitted papers, invited papers, selected best papers from reputable conferences and workshops, and thematic issues that address hot research topics. Potential authors are invited to submit their manuscripts electronically, prepared in PDF files, through <http://jcse.kiise.org/html/submission.html>, where ScholarOne is used for on-line submission and review. Authors are especially encouraged to submit papers of around 10 but not more than 30 double-spaced pages in twelve point type. The corresponding author's full postal and e-mail addresses, telephone and FAX numbers as well as current affiliation information must be given on the manuscript. Further inquiries are welcome at JCSE Editorial Office, office@kiise.org (phone: +82-2-588-9240; FAX: +82-2-521-1352).

Insup Lee, Il-Yeol Song, and Jong C. Park
Editors-in-Chief, Journal of Computing Science and Engineering
